

Rainbow River Swim Club

The water temperature soon will be really hot to swim and that is when you have to join coach Leo and friends at Rainbow River
The weather should be really nice for swimming and enjoying the beautiful water of Rainbow River.

Remember this is a downstream swim, no turns, just swim straight all the way down until you see me and the duck "BETO", let the current take you, the distance is close to 3.7 miles. The water temperature is a constant 72 degrees all year round! Enjoy it! 😊

Get to the park around 7:15 AM the park entry fee is \$7
we will start swimming as a group no later than 8:45 AM. If you are planning on swimming upstream, please let me know.
The contribution will remain the same \$20* to cover gas, van rental, time, donation to Florida Spring Council, etc.

This is, a swim at your own risk activity!
